#### THE BOARD OF ALDERMEN.

A meeting of the Board of Aldermen was held in the Council chamber yesterday after-

In the absence of Mr. Meredith, president of the Board, Mr. William E. Tanner was, on motion of Mr. Charles L. Todd, requested to preside.

IMPORTANT STREET IMPROVEMENTS. Mr. Charles L. Todd, chairman of the

Committee on Streets Generally, submitted his report. The committee say they were directed by a resolution of the Board of Aldermen (November 9, 1874.) to inquire into the expediency of widening the roadway of Cary street between Thirteenth and Fifteenth. In compliance with those instructions the committee have twice visited the locality, and having agreed upon a plan of improvement, invited a conference with the property-owners directly interested therein, 11,459 54 at which meeting the recommendations of the committee were fully discussed and the opinion of each property-holder present taken for and against the improvement, twothirds of whom approved the changes proposed; after which the vote of the committee was again taken upon the question, and their original recommendations adhered toviz., that the road way of Cary street between \$207 197 25 | Thirteenth and Fourteenth streets be widened by taking four feet from the walkway on the southern line of said street (which is now say nine and a half feet in width, though practically four and a half feet wider, as the buildings are set back that distance from the true street-line) from Thirteenth to Virginia street, and by taking one foot from the walkway on the same side (which is at present say eight and a half feet wide) from Virginia to Fourteenth street, and to take two feet from the walkway on the northern line of said street (which now has an average width of say eight feet, but in effect is about two feet wider, as the buildings set that distance back from the true street-line) extending from Thirteenth to Fourteenth street. The committee recommend that the road-bed, so far as the widening of the street extends,-that is to say, from Thir. to.

teenth to Fourteenth street-be paved with new granite spalls; and that the cobble-stone pavement with which said street is at present payed from Fourteenth to Eighteenth eight per cent. bonds to purchase twenty- were elected : Joseph Smith, of Charleston, street be taken up and repayed ; the sunken

Whilst the aggregate cost of this improvement is considerable when the very small annual appropriation for streets generally is taken into consideration, the committee deem this work to be so necessary in order to relieve the overcrowded condition of this the principal thoroughfare in the city for heavy business, and to so improve its paveloads (which is now impossible), as to induce them to urge that it be immediately under-In order that this important work

may be fully understood in all its bearings it is proper to state that the amount of cost coused by widening the roadway as proposed (for the resetting of curb, relaying walkway, and additional width of granite payement) will amount to \$564.11, and the

Resolved (the Common Council concurring), That the sum of \$3,635,90 be, and the same is hereby, appropriated from the street and Gilmer streets was taken up and confund for the purpose of widening and paving curred in. Cary street between Thirteenth and Fourteenth streets, and for taking up and relaying the cobble-stone pavement on said street between Fourteenth and Eighteenth streets in accordance with the report of the Committee on Streets Generally.

The recommendations and resolutions were igreed to.

The committee also presented resolutions appropriating the following amounts from the street fund for improvements named-viz., \$698 to pave granite gutters on both to Thirtieth street; \$490 to pave a granite gutter and set eprbing on west side of Third street between Byrd and Arch streets; \$589 to place granite curbing on the western line of First street between Franklin and Broad streets; \$597 to pave a granite gutter and set curbing on the western line of Tenth street from Clay to Leigh streets. Agreed to. The committee also recommend the adop-

tion of the following: Resolved (the Common Council concurring), That permission is hereby granted to P. H. Mayo to construct an area for lighting a window in the basement of his building at the southeast corner of Twelfth and Main streets, under supervision of the City Engineer. Agreed to.

That the petitions of John Enders for the removal of the track of the Richmond and Danville Railroad Company to the centre of Dock street at Twenty-second, and of George N. Woodbridge to pave in front of the packet office, Eighth and Canal streets, be rejected. The resolution relative to Mr. Enders's petition was postponed until the next meeting, but the resolution rejecting Mr. Woodbridge's petition was agreed to.

The committee deem it inexpedient at resent to improve M street from Twentyseventh to Thirty-first street, and for grading Twenty-sixth, Twenty-seventh, and Twenty-eighth streets from M to P street. Adopted.

FINANCIAL REPORT. Mr. W. H. Scott, from the Committee on Finance, presented resolutions rejecting the petitions-of A. S. Noel for Joseph L. Seay, trustee, for reduction of assessment for 1874 on real estate on Laurel between Cary and Cumberland streets; C. H. Corey, president Richmond Institute, for remission of penalty of \$5.83 on delinquent tax-bills and on real estate corner of Main and Nineteenth streets; that it is inexpedient at this time to appropriate \$100,000 in eight per cent, bonds for grading and gravelling ungraded streets, as suggested in a resolution of this body re-BOOTS FOOTED TO OR-self | self | suggested in a resolution of this body for tion (concerning \$100,000) expresses the unanimous opinion of the committee, and for this of several reasons that might be urged: that the price of the bonds now offered by the city for purposes deemed indispensable would be seriously affected by amount and for the purpose indicated.

THE LATE REV. LEONARD MEYER -- IN ME MORIAM .-- The memorial services at St. Mary? German Catholic church, yesterday morning, in honor of the late Rev. Father Leonard Meyer, O. S. B., were attended by a large congregation of his former parishioners as well as by many others who knew and ap preciated the deceased during his residence in Richmond. Solemn requiem-mass was celebrated by Rev. Father Benno Hegele, with Rev. Fathers Hanley and Tiernan, o the cathedral, as deacon and sub-deacon, and Rev. Father Kelly, of St. Patrick's church. as master of ceremonies. The solemn music of the Gregorian mass for the dead was chanted by the children's choir. THE DOLLAR SATINGS BANK CASE.-The remaining case standing against Mr. John E. Bossieux, late president of the Dollar Savings Bank, will probably be tried or otherwise disposed of on Thursday. Of the two cases against Mr. Armistead, charging him with appropriating to his own use funds of the bank, one was tried and a verdiet of " not guilty " brought in, and the other was dismissed on motion of the Commonwealth's attorney. Mr. Armistead is therefore now free from criminal prosecution. ENTERTAINMENT OF DELEGATES TO THE NA-

TIONAL CONVENTION OF YOUNG; MEN'S CHRIS-TIAN ASSOCIATIONS .- At the meeting of the committee last night it was ascertained that while a number of our citizens have responded most liberally, there is still a lack of homes for the delegates who will be crowding into the city to-day and to-morrow. The committee will still further canvass our citizens te-day, and it is earnestly hoped that many others will feel willing to inconvenience themselves, if necessary, in order to entertain guests at their homes; and that wherethey cannot do this they, will feel called on to make a contribution in money. And if any have been overlooked by the committee they. should promptly report their names at Asso. Mr. Jackson preached in the evening. Both station Hall.
